N

The map displays a topographic view of a region in Norway, featuring a proposed high-voltage power line. The route is shown in red and blue, with blue dots indicating the layout of the 46 x 6 MW line. The map includes contour lines, water bodies, and various geographical features. Key locations labeled include Snillfjord, Svarthammaren, and various fjords and lakes. The map is oriented with North at the top, indicated by a compass rose.
